

# ACM Sensor Holder Specifications

## 【Overview】

With this holder, the ACM sensor can be fixed to a curved surface such as a cylinder or to a structure and attached and detached easily.

## 【Cautions】

Install the sensor with the lead wire facing down, as water droplets may flow into the sensor along the lead wire.

Size	App. 86mm (W) × 15mm (D) × 90mm (H)
Weight	App. 60g
